## WE NOMINATE

Walter Terence Stace, one of the leading philosophers of the English-speaking world and a stimulating, controversial figure on the Princeton horizon for almost a quarter-century, to whom "retirement" only means the beginning of still another career. This week, a month after the University announced that Stace was joining the ranks of its professors emeriti, it became known that the 68-year old scholar would divide the academic year 1955-56 between the University of Washington (Seattle), where he will hold the distinguished Walter-Ames Professorship, and Wheaton College (Norton, Mass.). At the latter he will fill one of the posts created for outstanding teachers by the John Hay Whitney Foundation.

A shy but outspoken scholar, whose reflections on the world's religions have literally produced "yards" of copy in *The Daily Princetonian*, and have inspired untold numbers of University alumni to pen either scathing attacks or rousing defenses of an individual's rights to express his own conviction, Stace has never sought to promote argument for the sake of public argument. In 1948, when an article he wrote for *The Atlantic Monthly* ("Man Against Darkness") raised a resounding rhubarb, and again in the spring of 1955, with billows of critical oratory breaking over his internationally respected writings, he quietly went his way, stating "I prefer to get on with my work rather than to spend time on useless controversy."

Stace, London-born and a first-honor man from Trinity College, Dublin, was known to many Princetonians years before he joined the exclusive circle reserved for men fortunate enough to make their hobbies their full-

time occupations. Following family traditions, he entered the British Foreign Service and for 22 years—until called here in 1932—served as a government official in Ceylon. Philosophy, however, was his consuming passion and it was while he was holding forth as mayor of Columbo, a city of some 300,000 persons, that his first major work, "A Critical History of Greek Philosophy," was adopted as a Princeton textbook. Three other important books had been completed before he turned from civil service in the tropics to education in New Jersey.

Among the first educators to emphasize a broad humanistic education as the best possible preparation for government service, Stace in 1938 was advanced to one of the Stuart Professorships, chairs held in the past by such eminent Princetonians as James McCosh, Francis Landey Patton and John Grier Hibben. Four years later his "Destiny of Western Man," a book inquiring into the conflicts between totalitarianism and democracy, was awarded a \$2,500 prize in a nationwide competition which attracted 137 manuscripts from faculty members at 92 institutions. In post-World War II years, "Time and Eternity" and "Religion and the Modern Mind" were to attract equally wide audiences.

For proving his devotion to the profession of teaching by neither insisting on nor advocating the concepts of which he speaks; for concluding that "civilization is organized goodness" with "goodness" including all of the essentials cherished by the Free World; for looking to the future and coining a hopeful, new adage, "Life begins at retirement"; he is *TOWN TOPICS'* nominee for

### Topics of the Town

**Warning on Water Use.** This  
third straight summer in which a  
severe drought has plagued New  
Jersey has brought the Princeton  
Water Company to an admission  
rarely made in its years of exist-  
ence—the company is running short  
to the last century. A rich source of  
supply from seemingly inexhaust-  
ible artesian wells has kept the  
word "short" out of the com-  
pany's records, but this week the  
second request for cooperation in  
ten days went to consumers.

"An adequate supply still exists,"  
the company reports, "but the  
use of water this month has re-  
sulted in a marked lowering of  
the level in the well fields." Reduction  
of water use is requested on the  
part of all residents and such activities as  
lawn and garden spraying and  
car washing should be ended until  
further notice.

Last week's message urged de-  
creases of water use from 4:30 a.m.  
to 9 p.m., but pointed out that the  
primary problem was that of

### Princeton in the Pyrenees

In the little French Pyrenees town of Prades last week, mu-  
sic lovers from many countries  
came to hear performances of  
the works of Bach, Schubert  
and Brahms. Among the com-  
munities represented by the  
participants was Princeton, New Jersey.

The nine-member Bach Aria  
Group, organized by William H.  
Schedle of Library Place,  
participated. Its personnel con-  
sisted of six vocalists and three  
instrumentalists. Their voices, includ-  
ing those of Jan Peerce and Eleanor Steber of  
the Metropolitan Opera, Time  
magazine reported that "Bach  
Specialist Schedle's Aria Group  
was the surprise hit of the festi-  
val."

maintaining proper pressure. In  
the intervening time, water use  
has mounted steadily, with a virt-  
ually all-time record set Monday  
when the company reported more  
than 3,300,000 gallons were pumped  
down to meet the demand.

The difficulty, however, is the fact  
that since the first 20 days of  
July, company records show total  
rainfall of just .06 of an inch. In  
the last six weeks, total precipita-  
tion has been no more than one  
inch, while the deficiency since the  
first of the year is nearly eight  
inches.

Both 1953 and 1954 were dry  
(the latter lagged behind as  
broken in August with a near-  
record rainfall in excess of eight  
inches.) July last year finally pro-  
duced .16 inch and a quarter of an  
inch with a corresponding certi-  
ficate to become the driest July on  
record if the figure of .06 inches  
is unchanged.

July, however, will not be  
an all-time low. Water Company  
records show that in June of 1949  
no precipitation at all was record-  
ed in Princeton.

**Progress on the Park.** While  
still strictly in the conversational  
stage, the likelihood of a munici-  
pal park in the Rosedale Road-  
Stony Brook area of Princeton  
continues to increase. Last week,  
Mayor John H. Wallace, Jr., had this to say to the possibility  
of gift of such a deed from Gen-  
eral Johnson, who last  
week acquired a 53-acre tract oppo-  
site his Rosedale Road home:

"We have had no official com-  
munication from General Johnson  
on the matter," Mayor Wallace  
reported. "However, I feel that  
if the land is given to the town-  
ship with no strings attached, it  
will be accepted by the commit-  
tee."

The mayor stressed the point  
that acceptance will depend on the  
terms of the gift. "The township  
has no funds with which to create  
a park, and we have none for  
quite a while," he said.

Additional facts on the trans-  
action reported here in last week's  
report: General Johnson paid  
approximately \$117,500 for the  
land he acquired, about \$2,200 an  
acre. The sellers were Lawrence S.  
Cohen and Mrs. Sarah Green-  
berg, land developers of Rockville  
Center, L. I.

In a simultaneous closing, they  
bought \$23,000 worth of the Rus-  
sell Estate immediately west of 63  
of these to General Johnson. The  
purchase price reported for the  
larger transaction was \$180,000.

General Johnson took title to  
land east of Stony Brook running  
to privately-owned Rosedale Lane  
lot bounded on the north by the  
old trail road. The zoning in this  
area forbids the sale of lots smaller  
than 60,000 square feet (about  
an acre and a half), and there are  
reports that the minimum may be  
raised. The Siebold development of the  
land west of Stony Brook is be-  
lieved likely by the Greene-Green-  
berg interests, although the origi-  
nal plan for its subdivision was

## It's New to Us

Humpty Dumpty... may sit on your child's wall with impunity if he has been painted there and told to stay put. The painter most likely to arrange Humpty on a nursery wall is Miss Deborah Chess who had such fun decorating her bathroom wall with cats that she decided to expand and paint nursery rhyme characters on nursery walls.

She will, as she says, comply with "any unreasonable request," which means that you don't have to stick to Mother Goose. After consultation with you, she will show you sketches and after you have approved, she will proceed.

Cats, as we said above, frolic all over the walls of Miss Chess' bathroom. One yellow striped tom has a tail wound around the tub faucets. A Siamese sits on the edge of the tub and sharpens her claws on the corner where two walls join.

A sloe-eyed lynx perches on top of the tank. The cats are done with a rubber base paint that can be washed. Miss Chess would rather do the painting on plaster or a painted surface, but don't hold back if you have wallpaper.

A fast worker, Miss Chess can do a room in a few hours and her prices are reasonable. She is a graduate of Viewpoint School, Amenia, New York, where she studied art as part of the college preparatory program. This fall she will enter Oberlin, and she plans to continue the study of art there.

You may reach her after 6 p.m. at 1-2056, and she will be available through the end of August. We think you'll find her work fresh, youthful and amusing; her drawings were instantly appealing to a small critic we took with us, and we think any child would find them so.

Cadillac, Anyone? The simplest way we have found to acquire a Cadillac—though we should say ahead of time that it may not work—is to buy from the Radio and Hobby Shop at 12 Witherspoon, a model of a '55 Cadillac. You construct this model, using infinite care, fill in a sentence that tells why you like to build the model made by this company, mail in your sentence and sit back to await delivery of a \$5,000 Cadillac as your first prize in the contest.

The company has staggered things so that ten-year-olds aren't competing with 18-year-olds, and apparently each age group has a Cadillac as a prize. All we can say is, the model business must be booming.

"Cheryl Ann" is a tug boat. The model is a good two feet, stem to stern, made of strong plastic with all the detail work that model enthusiasts demand. The price is \$12.95. In the same class is the "Sea Witch," a clipper with a fabulous 500 pieces in her assembly. She's two and a half feet long at

\$9.95, and you provide the champagne to christen her.

For someone whose allowance may not be in this class, the Radio and Hobby Shop offers other crafts, including models of Viking ships and old Chinese junks, and naval vessels of all kinds, to while away a hot afternoon.

For a child whose boats are really seaworthy—or at least, Carnegie worthy—Radio and Hobby has a perfect little outboard motor, a full five and a half inches tall. It runs on batteries and costs \$4.95.

If your young model builder runs to aircraft, we suggest for his next project a flying saucer kit. We have no idea what's in this tantalizing package; it may be a saucer from a set of doll dishes for all we know, but it seems to be worth a careful scientific investigation, exercising due caution, of course, lest Venusians hop out when the box is opened.

For as little as 50¢ a model builder can have a ready-to-fly rubber band plane, and for \$1.69 there is a set consisting of six jets. Every kind of military aircraft here, incidentally, from Migs and Messerschmidts to a PBY-5A Catalina bomber, 95¢ in plastic with pilots, gunners, landing gear and under-wing torpedos. Historians will certainly want to assemble the 1909 Wright Brothers' biplane or the Spirit of St. Louis.

Besides that Cadillac, there are automobile models of all the foreign cars: Jaguar, Ferrari, Mercedes-Benz and the rest.

In the craft section of the shop, there are tooled leather moccasins (adult and children's sizes) to lace together, lanyards to make and metal-casting toys to cast out of lead. Potential hi-fi men will want one or two tube radio kits or crystal sets.

Rain King. With less time to water your lawn, perhaps, than you have been accustomed to, you will be interested in a sprinkler that gives excellent water distribution.

## TOPICS OF THE TOWN

—Continued from Page 2

will be host to the visitors. Temples from New York, Philadelphia, Pittsburgh, Newark and Atlantic City are expected for the affair, which will be enlivened by the presence of five brass bands and oriental musical groups.

Raymond Holmes of Princeton, District Deputy, heads the committee making arrangements for the program. Other members include William Samuels of Trenton, Chief Potentate; Frederick Goldsborough of Princeton, Chief Rabban; and Frederick Young of Bordentown, Patrol Captain.

**Contest Winner.** Miss Ethel Melchner won the beauty and talent contest sponsored here by Princeton and Trenton Shrine groups, and will go to Detroit next month to take part in the national contest. Nineteen years old, she is the daughter of Mr. and Mrs. Andrew A. Melchner of 123 John Street. She chose interpretive dancing as the talent she exhibited.

Miss Sondra Green of 23 Birch Avenue and Miss Barbara Cameron of 142-A Hodge Road were others from Princeton in the contest. Princeton's representative among the judges was Mrs. John F. Sly.

**Liquor Purchase Costly.** Falsifying his age to facilitate purchase of liquor cost 19-year-old Wallace W. McCoy of 135 Bayard Lane \$25 Tuesday. He was given a hearing before Magistrate Paul R. Chesebro under the recently-enacted ordinance which makes purchase of alcoholic beverages by a minor a misdemeanor.

The sale was made by Grover C. Tash, operating as Tash's Liquor Store, 33½ Lytle Street, the police reported. McCoy pleaded guilty.

**Motorists Fined.** Seventeen motorists were given hearings Tuesday by Magistrate Chesebro.

Those fined included Charles W. Madison, Lincoln Highway, speeding, \$35; Michael Leggi, Washington Road, speeding, \$15; Mrs. Madeline Brockington, RD 1, and Don W. O'Connor, Alexander Road, \$10 each; and Payson Tredennick, 343 Snowden Lane, having an illegal air horn on the exhaust of the car he was driving.

In Trenton, it was announced that Victor Vegas, Nutton Hill Road, Rocky Hill, has had his license revoked by the Director of Motor Vehicles for six months. His record shows one conviction for failing to keep to the right and three for speeding.

**Gale Moves to 43 Witherspoon.** A move from 38 to 43 Witherspoon, diagonally across the street, is in process of completion by William F. Gale. His cleaning and pressing service is continuing without interruption.

Mr. Gale has been in business

## Fame But No Fortune

The pair of Himalayan Nightingales missing from the home of Mr. and Mrs. Kendall-Smith of the Princeton-Kings-ton Road have not returned, they reported this week. The calls of the female have occasionally been heard, but there is no trace of the pet birds.

In response to one telephone call she received following the story in *TOWN TOPICS*, Mrs. Smith took the cage to a spot near the Princeton Shopping Center. The report that they were believed to have been seen in the area proved unavailing, however.

"We've had no luck so far," Mrs. Smith reported, adding, "But people spoke to me everywhere I went after they had seen the picture. They all wanted to know if the birds had come back."

here for the past 16 years, beginning in the basement of his home at 111 Birch Avenue. He has moved three times in the intervening years, on each occasion as his business expanded and he needed more room. Previous locations have been on Witherspoon Street, near Green; near the Witherspoon Presbyterian Church; and then at 38 Witherspoon. He had been at the latter address for a dozen years until this week.

## News of the Theatres

"Shrew" to Open. The modernized version of the Shakespearean comedy, "The Taming of the Shrew," will be presented by the Community Players, opening at Murray Theatre on Monday and running nights at 8:30 p.m. through Saturday.

Josephine Cornforth and A. Munro Wade will play the leads in the production, with Thomas Potter and Mr. Wade acting as co-directors. Miss Cornforth is a new-comer to the group as a leading lady, although she has played top roles in Miss Fine's School presentations.

Mr. Wade has gained reputation in all three branches of the theatre, with his acting, directing and management. He was the collaborator with Mayor P. MacKay Sturges in three musicals, "Along the Road," "Sailing On," and "Magic Well."

Vivian Hall, a veteran of several Player performances, has the role of Bianca, sister of the shrew. Among the other featured players are Deborah Chess, Robert Matthews, Douglas Doughtery, Mary Gonzales and Letitia Wheeler.

**Family Act (Backstage)** Blood being thicker than water is the Irving Van Zandt family's demonstrating tonight backstage preparation for the production of "The Taming of the Shrew." The three members of "The Granger Ghost" — the trio — Mrs. Helen Van Zandt, her son, Peter, and daughter, Leslie, set to work on the staging, lighting and costuming for the coming production. Each one handles a separate phase of the play's production.

Mrs. Van Zandt, who has worked with the Players since 1938, was an actress in the company when they discovered I would work very hard as a technician." Among the performances for which she has designed sets since that time are "The Wizard of Oz," "Teeth," "Hasten the Day," "The Octoroon" and "Under the Gas-light."

The Taming of the Shrew," too, is now in its audience to him after directing a condensed performance of it for the theatre's membership. Her work in designing has led her into the graphic arts as well, as a designer and typesetter at the Princeton University Press, where she creates formats, bindings and jackets for Press publications.

Her son and daughter have followed in their mother's theatrical footsteps from the time Peter was 4. That year, they were trainees for her as the queen in the production of "Cinderella."

After that, started to play, Lucentio in the comic production, acted with the Junior Players and took juvenile parts in adult performances. However, at this juncture he partly forsakes the stage in favor of service as an electrician and now has become a master electrician and lighting designer for the organization.

Leslie, the older of the two, is presently studying at Radcliffe, and designing costumes for the Harvard Dramatic Club. Although the present production is her first, Directors Wade and Potter expect to find plenty of work for her before they raise the curtain on Monday night.

The head of the family, Irving Van Zandt, qualifies for membership in the theatrically-minded group as a former president of the Players. He acted in "Skin of Our Teeth" and "Summer and Smoke."

Assisting Mrs. Van Zandt with the scenery for the oncoming production is Braxton Ellerbe, who has been active both with Community Players and Witherspoon Young People's Theatre. His more notable work for the Players were his sets for "The Beggar's Opera" and "John Loves Mary."

Another actor turned designer, but still nonetheless take the part of the first hunter in the introduction to the "Taming of the Shrew." He also appeared in the Intime production of "The Petrified Forest," in "Hasten the Day" and in Alec Templeton's "Dream

TEAMWORK, FAMILY STYLE: Mrs. Irving Van Zandt (center), daughter Leslie and son Peter have been spending many hours on the Community Players' production of "Taming of the Shrew," set to open Monday in Murray Theatre.

Boat," which tried out in Princeton.

### BUCKS COUNTY PLAYHOUSE

"The Better Mousetrap" will open Friday and "Mrs. Gibbons' Boys," another comedy, will come into the Bucks County Playhouse, opening on Monday evening.

"Mousetrap," which will be a man's run at the theatre on Saturday, stars Anna Patterson, wife of producer Mike Ellis; Henry Jones, who has been commuting from "The Bad Seed" and Edmund Ryan. Telephone number for reservations for the incoming production is New Hope 3546.

"Mrs. Gibbons' Boys," which was written by Will Gishman and Joe Stein, the authors of "Plain and Fancy" and "Your Show of Shows," is described by the drum-beaters as "a cross between 'My Three Angels' and 'Life With Mother.'" Co-starred in the

play, which will be directed by Ezra Stone, are Enid Markey and Walter Matthau.

Walter Matthau, the play producer, is that mother love is not only blind, but also deaf and dumb. Miss Markey, as Mrs. Gibbons, protects her boys, "three of the more usually uncooperative around, with the contention that the mistake was society's, not theirs."

Miss Markey, who has played numerous Broadway and TV roles, opened her career as the Inv-

genue in the old William S. Hart "horse operas." More recently, she has been featured on Broadway in "Mrs. McThing," "The Southover Corner," and "Happy Birthday."

Mr. Matthau, who will play opposite her, made his reputation with a series of tops, including "Give Every Apple," "A Little Joy" and "Ladies of the Cordon." His reviews were so outstanding that he became one of

### IT'S NEW TO US

Continued from Page 3

bution and covers a sizeable area. Such is Sunbeam's Rain King, now at Urken's (27 Witherspoon). It's an oscillating sprinkler with several adjustable features. It has a rust-proof aluminum base, its sprinkling tube is rust-proof, has projecting nozzle jets that distribute water efficiently and it has gears in a separate chamber away from water and grit.

Water pressure controls the speed of oscillation and the water itself turns the blades. Instead of springing, it rotates the motor. So if the sprinkler to swing all the way over and back or just for right or left.

While we're in the garden, let's take a walk, let us consider the garden boot. The boots at Urken's are light-weight, similar to a child's rubber, waterproof, and good for you. You will either like a boot, and wear them for gardening, washing the car or hanging laundry on a muddy day.

When you're through, you hose them clean. There is no lining to catch dirt and soil. They are proof against insects. Klearnut offers to gardeners a pair of flower shears (shears) that have a spring to hold the flower while you cut off the head.

Owners of valuable plants and trees will respond instantly to Ritz, a dog and cat repellent that comes in a carbon-dioxide canister. It will repel cats, shrews, squirrels and insects. We have not experimented with this product, but we understand that it is satisfactory repellant.

Now, do-it-yourself people are always putting legs on things and Urken's is in a position to help anyone who wants either wrought iron harpin' legs, or tapered natural wood wooden ones. The wooden ones have a base of 12 inches. But they are approximately the same price; four 16-inch legs for \$3.98. They come as tall as 28 inches and as low as 12.

**For Ship to Shore.** These department stores, Mr. Max Shore is Shore, and their former colleague Mr. Max Shore can always be counted on for fresh new mid-season designs in blouses. The ones we saw the other day are at Har-

rison Department Store, 32 Witherspoon.

The prize in the collection, in Harris' opinion, is a 65% dacron, 35% pima cotton that does not require ironing. It has short sleeves, a wide open convertible collar, and colors like beige, blue, pink, yellow and white. Costs \$4.98.

Other blouses worthy of a tuck-in check with buttoned short sleeve, round collar and front band . . . gingham with white plaid collar and band; or denim (pink moss) . . . white sleeveless with collar but cardigan-style front, printed "cross-stitch" flowers on its fabric . . . light linings in black, or beige with gently scooped neck fore and aft, narrow sleeve straps, small dainty tinted edge all around . . . overblouse for the woman who likes a print or batik, plackets and a print of batik slippers, etc., peddles, loafers and such. No sleeves, and an easy-slipper air.

New Chest Head. E. J. Lerrick of Akron, Ohio, has been appointed director of the Princeton Community Chest for the year 1955-56, Chest president, has announced. Mr. Lerrick, who will be in charge of coordinating the activities of the Chest and Street Fund, has participated in similar organizations in several other communities. Headquarters for the newly-remanned organization will be in the basement of the YMCA, 120 John Street.

Mr. Lerrick served as the director of the Community Chest for 28 years, retiring in 1949. He planned to retire permanently that year, but was called back on a year-by-year basis to work in various capacities in chest campaigns.

After retiring from the Akron post, he was asked to organize the Chest in Glastonbury, Conn., and then moved to Washington, D.C., where he reorganized the charitable organization. He completed his work with this group last fall.

Mr. Lerrick, 58, is married, is a senior active member of Rotary International. He serves with several national health and welfare associations, and also works with numerous civic groups.

Birth List. Sons have been born to Mr. and Mrs. Arthur Collins, 223-C Erdman Avenue; Mr. and Mrs. Lee Coursen, Scott Avenue, Princeton Junction; Mr. and Mrs. Herbert Hall, 12 Maple Street; Mr. and Mrs. Frank Evatt, 24 Haynes Lane.

Grandchildren, daughters are Mr. and Mrs. James Alexander, 52 Erdman Avenue; Mr. and Mrs. Edward Johnson, Rosedale Road; Mr. and Mrs. Robert Rose, 107 North Third Street; and Mrs. Leonard Longo, Rocky Hill; Mr. and Mrs. Frederick Henner, Lawrenceville; Mr. and Mrs. Leigh Harris, Prospect Avenue; Mr. and Mrs. George Yarick, Grover Miller, Clarksville Road, Princeton Junction.

T.S. Evans Staff. Seven new staff members have been reported at Educational Testing Service. Dr. Henry Chauncey, president of the group, announced this week. They will assist in test development, operations, administration and research programs. Dr. Chauncey said:

David J. Brooks, a graduate of the Harvard Business School, will become Supervisor of Production Planning in the Operations Planning Division. A for er

research chemist with Lever Bros., Eric D. Dean will join the Science Section of the Test Development Division, as will Frederick Decker, a graduate of Marquette and Chicago U.

Murray C. Johnson will serve as a Research Associate after working with the University of Minnesota Office of Education Research. An ex-member of the University of Kansas staff, Carl E. Ladd will become assistant Program Director.

A graduate of St. Patrick's and Stanford, Robert L. Snodgrass will become field representative for the Cooperative Test Division. John C. Vose, an organization and methods examiner in Philadelphia's Frankford Arsenal, will work with the Operations Planning Division.

To the Editor of TOWN TOPICS:

Recently some business required my presence at the Witherspoon Y.M.C.A. Near the close of my visit, I was given a tour of the building, which is modern in architectural design and quite functional and handsome. The athletic equipment and facilities are quite adequate but, of course, as in all organizations of this sort, there is room for expansion and improvement in this direction.

The thing I found most appalling were the poor, insufficient library facilities. I am in full agreement that our boys and young men should be developed to their fullest athletically and physically, but we should at the same time,

### Mrs. Constable Again

Mrs. Pepper Constable defended her Red Feather tennis title successfully, defeating Mrs. Barbara Smoyer Tuesday on the Church Courts, 6-1, 8-6.

Mrs. Smoyer rallied from a 4-1 deficit to tie the second set at 5-5 and then 6-6. However, Mrs. Constable had too much accuracy with her drop shots and fore and backhand drives down the alley-lines and took the match.

Mrs. Smoyer moved into the finals with a hard-fought, three-set victory over second-seeded Mrs. Jane Wilmerding. Mrs. Constable had an easier time, taking a straight-set victory over Mrs. Benjamin S. Custer.

develop them mentally and intellectually. We need men who are well rounded. Men who feel as much at home with a book or in a conversation as they do with a basketball or on a football field.

If books are present at the Y.M.C.A. for the boys to pick up at will, it would perhaps be of great help. Remember, books which are read on one's own time and by one's own initiative are those which one remembers and enjoys best. And if books are there for the boys, they will read them.

Isn't there something that we, as a community, can do to improve the library conditions at the Y.M.C.A.? Couldn't we help

build this library? Remember, we won't only be building a library, we will be building the future leaders of our community, of our country, and yes, of our world. It is up to you!

"God offers to every mind its choice between truth and repose. Take which you please—you can never have both."—Ralph Waldo Emerson, "Intellect."

JOHN W. McVEIGH, If

**Playground Prizes Awarded.** A varied program of activities at the Princeton playgrounds has resulted in these children receiving awards:

At the High School Playground, John Dalle Passe won the older boys' bike race, with John Cifelli

taking second and Richard Lappan third, while John Donahue won in the younger bracket with Don Maddalon runner-up and Perry Benson third. James Wheeler, John Cifelli, Robert Decker and Richard Provenzano reported completion of their project, two large plywood checker-boards.

In a hobby show, Dick Lappan, with trains, and Larry Coath, with stamps, won first places. Other award winners included Tony Cifelli, Jeff Goeddy, Dave Hoffman, Don Maddalon, John Cifelli, Barbara Decker and Marion Davis.

Nelson Coughlan and Richard Provenzano won the older and younger divisions of the inter-

## Obituaries

**Robert F. Lenox**, 58, of Ande-  
try Street, Kingston, died July 16  
at Princeton Hospital following a  
heart attack. He had been the past  
12 years been manager of the  
Music Shop on Nassau Street.

Born in Trenton, Mr. Lenox  
was a pioneer in various aspects  
of radio and television. In 1926 he  
had the first television program in  
the state. Television signals from an  
automobile used by the chief of the Trenton Fire Depart-  
ment.

In 1929, he received one of the  
first telecasts through use of the  
scanning system, and in 1931 he  
pioneered in reception of color  
television here with the disc system.  
Large-screen projection of  
television programs in the  
Music Shop's auditorium were another  
of his achievements.

Mr. Lenox had just returned  
from Florida as the winner of an  
expenses-paid trip for serving as a  
sales consultant to the Philco Corporation.  
He was scheduled to fly to Paris this week as the re-  
cipient of another such award.

He is survived by his wife, Mrs.  
Louise Abbott Lenox; a daughter,  
Mrs. Charles W. Hubbell of  
Princeton; a brother, Clarence of  
Trenton; and a granddaughter.  
The funeral will be followed by burial  
in Riverview Cemetery, Trenton, under direction of The  
Mother Funeral Home.

**Richard J. Lewis**, 67, a former  
resident of Rocky Hill, died July  
14 in the Veterans Hospital at Lyons.  
He had been a patient there for the past 20 years.

A veteran of World War I, he  
is survived by a sister, Mrs. Susie

Larkin of Princeton. The service  
at the Bodine Funeral Home in  
Kingston was followed by burial  
in Kingston Cemetery.

**Mrs. Julia Dixon Meredith**, 73,  
widow of William F. Meredith,  
died July 15 at Bar Harbor, Me.,  
where she had gone for the sum-  
mer. She had lived at 9 Haddon  
Avenue and had also maintained  
a home in Easton, Md.

Her husband, who was pres-  
ident of the New Jersey Alloy Co. in  
New York, died in 1943. She is  
survived by a son, William F.  
Meredith, Jr., of Rocky Hill; two  
daughters, Mrs. Carol Sinker and  
Mrs. Ethel Meredith Sheilurn of Princeton; a sister,  
Mrs. Thomas Callen of Easton;  
and eight grandchildren.  
The funeral was held in Easton, with  
burial at the convenience of the  
family.

**John D. Turney**, 22, of New  
Dover, a former resident of  
Princeton, was drowned July 17  
while swimming at Toms River.  
Born in Princeton, he was em-  
ployed by the New Jersey Co.

Mr. Turney was a member of  
Trinity Episcopal Church and had  
served with the 9th Infantry Di-  
vision at Fort Dix. He is survived

by his parents, Mr. and Mrs. Al-  
bert H. Turney, and two brothers,  
Henry of Princeton and Robert E.  
of Goshen. Bruce Henning, Allen  
Gohband, Richard Traeger,  
David Gron and Bill Stryker tak-  
ing second and third-place fib-  
ers.

### TOPICS OF THE TOWN

Continued from Page 7

playground Zehall Championship.  
John Cifelli and Peter Weber took  
seconds, with David Groer and  
George Turner third.

At the Witherspoon play area,  
Priscilla and Peggy Irving and  
Carol and Ellie Sinker won the  
dress-up contest, while the team  
of Carl Johnson, Julian Cross,  
Danny Cross, Silas Massey and  
James Boggs won the tug-o-war.  
Barbara Vincent, Alice Hill and  
Perry Irvin placed in the one in  
the jacks contest, with Danny  
Brown and James Eggers winning  
the wheelbarrow race and Timmy  
Hines the marble title, with Taylor  
Marrow second.

The Harrison Street Play-  
ground team led by Nelson  
Coughlan and Nick Kovakides  
tied for first in a scavenger hunt,  
with groups led by Windy Mc-  
Kee and William Stryker trailing.

**Scott Anderson**, Lutz Ellers and  
Peggy Bell took firsts in the three  
checkers division, with William  
Lindner, Bruce Henning, Allen  
Gohband, Richard Traeger,  
David Gron and Bill Stryker tak-  
ing second and third-place fib-  
ers.

Danny Goede scored first-place  
in the ring-toss tournament, with  
William Bartoline third. About 20  
children participated in water  
shoos at the Harrison Street pool,  
which has been exceedingly busy  
with the recent spell of hot weather.

# Two Big Reasons WHY PONTIAC IS YOUR BEST BUY!

### 200 HORSEPOWER V-8

### A complete list of all the reasons why a 1955 Pontiac is your best new-car buy could easily be as long as the car itself.

We have simply chosen two of the most important reasons to give you a quick and compelling picture of how much car you really get when you make the smart move to Pontiac.

There is one more vital fact which does not show in the picture above. That is the striking fact of Pontiac's very modest price—easily within the reach of any new-car budget.

These are three important reasons why Pontiac is today's outstanding value. But there are many, many more!

Take beauty, for example. There is no car on the road with such unmistakable glamour as a Pontiac! Coming, going or standing still this magnificent car stands out in any company.

Come in and see for yourself. Pontiac is obviously your car!

## TOPICS OF THE TOWN

—Continued from Page 8

**Foreign Students Here.** Thirty-four students from 13 foreign countries were visitors in Princeton last weekend as part of the American Field Service tour which ends their year of study in this country.

The group, part of the 350 foreign students who were in this country during the past year, have been living with families in Wisconsin and Minnesota and attending high school. Among their number are students from Belgium, Denmark, Finland, France, Germany, Great Britain, Greece, Italy, Japan, Luxembourg, the Netherlands, Norway and Sweden.

Arriving on Saturday afternoon at Borough Hall, the visitors met their 20 host families and spent the evening with them. On Sunday, they attended services at St. Paul's, the Lutheran Church, Trinity Episcopal and the Presbyterian Union Services, and then had luncheon at Miss Fine's School.

Sunday night, parties were held for the group at the homes of Dr. and Mrs. Douglas MacNeil and Mr. and Mrs. Minot Morgan, Jr. During the afternoon, and on the following day, they visited the campus of Princeton University and the Institute for Advanced Study and also the RCA Laboratories.

Hosts for the visiting students included Mr. and Mrs. Charles W. Cornforth, Mr. and Mrs. R. W. Van Wagenen, Mr. and Mrs. Henry Hazard, Mr. and Mrs. L. B. Webster, Mr. and Mrs. Walter Roberts, Mr. and Mrs. Francis B. Adams and Mr. and Mrs. Harold Gulliksen.

Also, Dr. and Mrs. Thomas Harvey, Mr. and Mrs. J. K. White, Dr. and Mrs. Maurice Kelley, Mr. and Mrs. Hubert Kay, Mr. and Mrs. Samuel Wayner, Mr. and Mrs. Thomas Cook Jr., Mr. and Mrs. E. W. Suppinger, Mr. and Mrs. John Hutton, Mr. and Mrs. J. R. Fugill, Mr. and Mrs. William Dey, Mr. and Mrs. Lewis B. Cuyler and Mr. and Mrs. E. M. Alden.

**WELCOME TO PRINCETON:** Annemaris Smit of the Netherlands, one of 34 American Field Service scholarship students visiting this country, is greeted at Borough Hall by Samuel G. Frantz, head of the AFS chapter here. (See accompanying story.)

**Art Exhibit Opens.** Forty drawings and monotypes relating to the dance representing the work of Cwyneth King Brown, are on display in the Lyman Allyn Museum at New London, Conn. Mrs. Brown is the wife of Professor Joseph Brown, sculptor and member of the University Art Department.

The exhibit has been planned in connection with the Jacob Pillow Dance Festival, held at nearby Lee, Mass. It will remain on view through August 21.

**Brother-Sister Reunion.** Mr. and Mrs. Peter Croce of Little Rocky Hill have left by airplane for a trip through several European countries.

In Italy, Mr. Croce will visit his sister, whom he has not seen for the past 35 years. Mrs. Croce is the former Miss Mary Simone of Princeton.

## News Of The Theatres

—Continued from Page 5

the more sought-after TV actors. Two local players, Robert Prosky, winner of the "Standby Broadway" television contest, and Peggy Lloyd, popular chanteuse, will be featured in the comedy.

### MUSIC CIRCUS

"South Pacific," one of the longer-running musicals of the Broadway stage, has begun a two weeks' run at the Lambertville Music Circus, with closing not planned until July 31.

Featuring a raft of music which is perhaps better known than any other musical score, the performance will be carried by Jeanna Bal as Ensign Nellie Forbush, and Jim Norbert as Emile De Beque. Other principals in the Rodgers and Hammerstein show are Frank Maxwell, Warde Donovan, Dorothy Franklin, Art Barnett, Arny Freeman, Kathryn Damon and Peter Conlow.

The romance between the Navy nurse and the French planter is helped along by the musical offerings such as "Some Enchanted Evening," "There Is Nothing Like a Dame," "Bali Ha'i," "I'm in Love With a Wonderful Guy" and "Younger Than Springtime." The book is by Mr. Hammerstein and Joshua Logan, an adaptation of James Michner's best-selling "Tales of the South Pacific."

Bert Yarborough directed the production, which won the Pulitzer Prize for 1950 and Drama Critics' Circle, Donaldson and Antoinette Perry Awards. Duncan Noble had charge of the choreography, while sets and scenery were by Donn Fischer and costumes by Charles Macri. Oscar Kosarin is the musical director.

### GRIST MILL

The Andover, N. J., theatre, which has "Sabrina" through this Sunday, July 24, will change the mood in the coming week with William Inge's drama, "Picnic," which will run for a week through July 31.

"Sabrina," which made one of last year's best motion-picture presentations, is a modern-day Cinderella spoof concerning the chauffeur's daughter and the two rich young scions of the family. Betsy von Furstenberg, the talented young star of the Broadway and summer stock satire, "Oh, Men! Oh, Women!" plays the leading role in the production.

"Picnic," which won both Pulitzer and Drama Critics' Circle awards, was written by Mr. Inge right after "Come Back, Little Sheba," and, as in the first written work, a muscular, but unfortunately not too bright, collegian is the protagonist. This one, played by Jerry Orbach, arrives in a hot Kansas town over Labor Day weekend, and causes numerous complications in the lives of a number of women.

Mary Diveny and Olive Templeton play two of the women who are attracted by the crude masculinity of the football player turned tramp. Daniel Keys and Jay Harnick are featured as the men whose serene courtship is so rudely disturbed by the roaming young man.

Directing the drama is Richard Clemmer, who for a number of years guided the actors in the television performance of "One Man's Family." Charles W. Baker will do the settings for the Inge work.

THE PLAYHOUSE  
Love Me or Leave Me (July 21-23) is an unusual musical biogra-

IN COMEDY: Walter Matthau has a leading role in "Mrs. Gibbons' Boys," comedy coming to Bucks County Playhouse.

phy with a frank, unflattering treatment which has commanded considerable praise and respect. Doris Day plays Ruth Etting, the singer who was prompted to stardom by a racketeer, "The Gimp," played by James Cagney. The songs are excellent, the production, in CinemaScope and color, lavish. Not for the kiddies.

House of Bamboo (July 24-26). Modern gangsters in an old setting provide an interesting contrast in this Buddy Adler picture which follows closely on the heels, but is much superior to, "Soldier of Fortune." The story of a gang of post-war ex-G.I.s who run the pinball racket in Tokyo under the thumb of Robert Ryan, the picture combines action with travesty. Robert Stack is the hero who breaks up the gang, while Japanese actress Shirley Yamaguchi is his ever-lovin'.

Not as a Stranger (July 27-August 2). The pen is mightier than the scalpel, and the movies resulting have taken over this work by the late Morton Thompson, starring Robert Mitchum, Olivia De Havilland, Frank Sinatra, Gloria Graham and Broderick Crawford. The trials and tribulations of a devoted doctor who takes himself much too seriously, it offers lots of fine drama and many inducements not to enter the medical field.

## TOPICS OF THE TOWN

—Continued from Page 9

**Scouts Learn Shooting.** Thirteen Boy Scouts of St. Paul's Troop 56 have completed the National Rifle Association Course with a training period on the police rifle range.

The course, which teaches safety regulations, firing procedures and weapons' familiarity, was supervised by Frank Corcillio of the Troop 56 Committee. Robert Smalley of the N.R.A. directed the course. Captain Lester John Proscaccino and Committee Chairman Charles Rendale accompanied the boys to the target session and joined in the shooting.

Among the scouts who completed the course were Robert Merrick, David Patterson, Michael Tamasi, Christopher Baker, Frank Pietriner, Frank Coc-

cillio, Jr., John Raubitschek, Ralph Gutbrod, Michael Lombardo, Charles Keany, James Cisneros and Kenneth and Robert Lippmann.

**Once Upon a Time.** Everything from exhuming long-dead Greek towns to collecting Tertiary rocks and studying climatic conditions at the time of 100 million years ago will occupy members of Princeton University's Departments of Geology and Archaeology during the summer.

Exhumes from ancient Old Navajo will cover nearly half the globe, with groups ranging from British Columbia, Canada, to Sicily, and from the Arctic to Venezuela. Many of the projects which will result from their work over the summer months are expected to be continued in later years, while some are planned to cover as much as five years.

Professor Harry H. Hess, Chairman of the Department of Geology, will be the southernmost traveler, visiting Puerto Rico and Venezuela to continue his study of the formation of the island of Hispaniola. In addition, he will help the governments of the two countries carry out searches for unexploited mineral deposits.

The island of Puerto Rico has many mineral deposits, Professor Hess points out, but "there has been little attempt to develop them since the days of the early Spaniards, who were interested in gold and silver." Among the less romantic but more important metals to be found on the islands are iron, nickel, chromium, manganese, cobalt, glass sand and aluminum ore.

The larger field which Dr. Hess hopes to study is the formation of mountains and their relation to

volcanoes and earthquakes. This involves a working out of the geologic history of the past 100 million years of the Antilles Islands and Venezuela.

Dr. Hess points out that further activity in the sea and on the earth's surface may result in the growth of a new chain of mountains somewhere in the Caribbean area, which he called a "continuing volcano." Recent volcanic eruptions from 50 to 80 million years ago. He cited the fact that there is a great trench on the sea floor some 60 miles north of the area which can be expected to rise sometime in the earth's development.

In Sicily, Professor Sjogren of the Department of Geology and Archaeology will begin a five-month program next month, designed to bring a 2,500-year-old Grecian settlement back to life. The town,

a fortified hill city covering some 30 acres, flourished from 600 to 200 B.C. and then declined for a reason unknown today.

The town, on the site of a little village called Serra Orlando, has no historical name, but has been christened by the excavators "Princeton Town." It lies at the top of a 2,000-foot hill 23 miles north of the coastal city of Syracuse.

The work, which will be carried on by Dr. Sjogren and Professor Richard Stillwell, with the aid of graduate students and 80 Italian laborers and technicians, will proceed with the digging of parallel test trenches. Tools varying in size from shovels and hoes to dental drills and mirrors for cleaning and inspecting finds will be used.

## BEST BUY NEW; BETTER TRADE-IN, TOO

Actual photo of the Plymouth Belvedere 4-door Sedan

# BIG CAR RIDE

*Plymouth, the biggest car of the low-price 3,*

*gives you the smoothest ride of the low-price 3!*

If you appreciate the comfort and smooth ride of a big car, Plymouth is just the car for you! This 17-foot beauty outshines the other low-price cars on these counts, just as it does in beauty, in size, in roominess, and in visibility. With either the thrifty 6-cylinder Powerflow 117 or the high-flying Hy-Fire V-8, Plymouth conquers the road so masterfully you're apt to forget it's a low-price car.

**Greater length for smoother ride:** Because Plymouth is much longer and larger than other low-price cars, it gives you the smoother, steadier ride that only a big car can give.

**New shock absorber mounts for more direct control:** Plymouth's famous Oriflow "shocks," now longer than before, are mounted inside the front coil springs for direct 100% pillowtop action. And new non-parallel control arms minimize body tilt and give you a more balanced ride.

**Wider rear springs for greater stability:** Plymouth's rear springs — angle-mounted for extra rigidity — have been widened to a full 2½ inches (wider than the rear springs of either of the "other 2" cars). This means far more twist resistance and less sideways on curves.

**New steering gear for easier handling:** Plymouth's new low-friction steering gear, teamed with higher new steering ratio, gives you the easiest handling this side of Plymouth Power Steering. The wider front tread keeps the car more nearly level when turning.

### WHY PAY UP TO \$600 MORE FOR A CAR SMALLER THAN PLYMOUTH?

Don't be fooled by the claims of medium-price cars that they cost practically the same as Plymouth. When you compare price tags, you'll find that model for model, Plymouth sells for much, much less, and gives you more car for your money!

### Sports in Princeton

Social Club Leads. Nassau Social Club is still at the top of the Eagles Community Softball League, pounding out a 9-17-2 victory record over the Jokers, who topped the leaders this season. The first contest had gone to the Jokers, 3-2, but this contest was far more one-sided as the Social Club collected 11 runs.

Bob Cerino hit safely twice, drew three walks and scored four, Bill Murphy, Bucky Crippler and Bill Dwyer each hit a double for the visitors, while Dick Panciro made two of the seven hits. Huck McCready allowed the Jokers.

Another Jokers' lead week was the Sunbeam team, which edged RCA, 5-4, despite 11 walks issued by winning pitcher Sam Lisi. Lisi was tagged for only two hits, however, and was generally in control with men on the bases. Tony Toto collected a home run from 322 feet.

Doug Watson pitched Artistic Clippers to a 5-3 victory over the Frazees, each team making five hits. Jack Ruhman of Artistic and Harry Burton of Frazees hit homers, the latter's traveling some 322 feet.

The Eagles defeated Applied Science in last week's other game, remaining in a third-place tie with the Clippers. First division includes Nassau Social, Sunbeams, Eagles and Artistic, with RCA, Jokers, Applied Science and Frazees trailing.

Leading batters in the circuit is Sam Lisi of Sunbeams, who is hitting a cool .500. Huck McCready of the Social Club is at .425, followed by Paul Cuomo of RCA at .407 and the Clippers' Jack Ruhman at .399.

Other leading batters are Barney Holsington, Clippers, .396; George Boccanfuso, Sunbeams, .394; Jim Wood, RCA, .387; and Tim Harris, Social Club, .360.

Engines Co. No. 1<sup>st</sup> Unbeaten. Princeton Engine Company No. 1 heads its section of the Firemen's League with a 10-0 record. Mercer Engine Company No. 3 follows, with Hook and Ladder third. Lawrenceville is fourth and Princeton Junction fifth.

The other section includes Howell, Bell, Mead, Skillman, Blawenburg and Kingston. Games are played Wednesday evenings, with the Princeton teams generally in action at Marquand Park, Howell and Pen Fields. The winners of each section will play for the championship to clinch the season.

Gregory Wins Again. The Gregory Bunkie team of the Eagles Community Girls Softball League took a 9-7 victory over E.T.S. to hold the fourth-place position. Last Wednesday, Jerry Everett and Marilyn Lowe collected three hits apiece to pace the attack on E.T.S.

Montgomery Township moved into third place, a game behind E.T.S., with a 9-3 victory over the last-place Princeton Circle Essex team. Montgomery Township now has a 6-3 record, while the front-runners both have 7-2 marks. Howell, which has a 2-7 record, was idle.

Braves Beat P.A.C. The Princeton Athletic Club baseball team lost its first game in the Bi-County League last week, the Princeton Township Braves pushing over the undefeated mudhens to the bottom of the bracket to stand 3-2. The P.A.C. remains in first place, however, and will entertain Neshanic on Friday Field this Friday evening at 6:15.

Joe Catelli was the winning pitcher, holding the losers to three hits and pitching no-hits ball until the eighth inning, when he was the victim of the mishap that broke the 2-all deadlock in the last inning.

The Braves opened the scoring in their half of the first, Catelli riding home on a single by Hoff. In the fourth, Hoff and Beecher combined to tally the first run on the scoring end.

The P.A.C. got its first run in the top of the fifth when Walt Winkler singled and came home on Del Wible's safety. It tied the score in the seventh, Bill Chauncey drawing a walk, stealing second, advancing to third on an error and crossing the

plate on Bob Montgomery's sacrifice fly.

The Braves won in their half of the inning, with Phox on first as the result of a fielder's choice, Beecher singled to left. The ball got away from Ray Davis and Phox came all the way home.

Dennen, Blanks, Yardley, Bruce Denner tossed a one-hit, 9-0 shutout against the Yardley A. C. at Yardley. The win was the second in a row for the batter who singled to reach first and fanned ten in the six-inning game.

With the win, Dennen improved his scoring with two runs in the third, adding one in the fourth, two in the fifth and four more in the sixth. In that round, Montgomery's triple

**ALL PRESENT:** The four members of the Princeton backfield who started the final game against Dartmouth last season will be back this fall. The quartet consists of Frank Cosentino, quarterback; Dick Martin, fullback; Captain Reyce Flippin, tailback and All-East in 1954; and wingback Bill Agnew.

#### SPORTS IN PRINCETON

—Continued from Page 12  
and Wells' homer with two aboard put the finishing touches to the one-sided triumph.

A scheduled exhibition game against the DeCou Market nine of Trenton, set for Brokaw Field last Saturday, was cancelled when the opposition could not muster nine players. The P.A.C. will be at Hopewell Tuesday and has a bye Friday, July 29, in Bi-County League action.

The Township Braves are out of action this Friday but play Montgomery Township Tuesday night and Hopewell Friday. These contests will take place on the Princeton High School diamond, made available again for baseball after having been temporarily closed by the Board of Education.

**Bowers Retains Lead.** The L. C. Bowers nine in the Junior Baseball League won twice last week to keep the lead with a perfect 3-0 mark. Victories were scored over Nassau Oil, 8-1, and Mercer Floor Sanding Co., 4-0. Other results saw Matthews Construction

top Mercer Floor, 8-1, and Nassau Oil, 4-0.

Matthews used five pitchers in recording its twin triumphs. Those who saw action—and allowed only one run in the two games—were Tom Corcoran, Bill Liveley, Butch Cross, Dave Blydenberg and John Hoff.

Don Gallo, Bryce Chase and Nick Kovalakides shared in the victories credited to Bowers. The league leaders were held scoreless for three innings by Billy Traeger of Mercer Floor.

Bowers is followed by Matthews Construction, in second place with a 2-1 record. Nassau Oil has won one of three and Mercer Floor is looking for its first triumph after three starts.

**Wilson Scores Upset.** Second-seeded Ken Wilson swept to the Men's Red Feather Tennis Championship last week, easily defeating Irwin Vas, Princeton graduate student, 6-3, 6-1, on the Church Courts.

Wilson, former Louisiana State player and now associated with Princeton University's Counseling Service, used his booming serve and well-placed drop shots to take the victory. Vas double-faulted several times in the match, which was played for the most part in the back-court.

**Wilson to Enter Doubles.** Ken Wilson, winner of the Men's Singles, is paired with Richard King in the Red Feather Men's Doubles Tournament which opened Wednesday evening on the Church Courts.

Approximately 20 teams will try to take the title won last year by Dick Lanahan and Bryce Thompson. Lanahan, a Dartmouth junior, will be unable to enter this year, as he is directing the tournament.

Entries for the championships included M. C. Fleming and Charles Agle, Ellis Willard and Louis Applegate, Guy Woodward and Victor Payne, Peter Johnson and partner, Lloyd Fletcher and Bayard Jordan, Courtland Williams and James Moore, Douglas Dean and partner and Samuel Payne and Pat Hutton.

Also, Townsend Scudder and George Clay, W. R. Babcock and George Graham, Frederick Rauhberger and Edward Meara, James Kahny and James Pietrino.

## SPORTS IN PRINCETON

—Continued from Page 13

second with a 319. Miss Josephine Heuser finished in a tie for seventh in the flight with a 339, while Mrs. Richard Parsells finished in a tie for 12th in the "A" Flight with a 314 card.

**Football Outlook II.** As last week's examination of the losses from the 1954 season showed, there will be only three gaps to fill in the starting lineup of the Princeton football team. They exist squarely in the center—the man over the ball and the two guards.

The personnel problem is not, however, anywhere near as easy to solve as might be construed from the fact that two starting tackles, two ends and the entire backfield will be on hand when practice begins at Blairstown on September 1. It is probable that the outcome of at least half the contests on the tough nine-game schedule facing the Tigers will be determined by the relative bench strength of the teams engaged in the affair. In the rugged action of modern one-platoon football, a good team must be at least two deep at every position in order to maintain full effectiveness.

There are two sources of manpower to back the regulars on a football team: players who have seen limited duty as varsity reserves and are gaining steadily in experience, and the sophomore crop. For the second year in a row, the latter is technically out of balance—some better than average line material moves up to the varsity but backfield strength is distinctly missing.

The situation is so acute that there is no overlooking the picture that already is taking shape on next year's horizon. When Royce Flippin graduates, the vital position at tailback will be wide open. No member of the sophomore or junior class has demonstrated adequate ability to run and pass in a manner that will make the single wing attack click, and while early reports on the incoming Class of 1959 may prove to be inaccurate, word is that "there are no backs who have particular promise."

That, however, is a year away,

and the immediate concern is to put together a squad that can handle the weaker opponents on the 1955 schedule with a relative degree of ease and give the really tough boys a battle on something approaching equal terms. The latter, incidentally, would include Colgate, Harvard, Cornell and Yale.

Of 12 games in the past two years, Princeton freshman teams have won only five, tied two and lost five others. In these seasons, they have lost to Yale's Bullpups by 35-14 and 12-0.

Last year, other teams to beat them as they broke even in six contests were Fordham (13-7) and Rutgers (25-0), while they trimmed Columbia (40-0); Pennsylvania (6-0); and Harvard (21-0). They were an unusually big squad but about as inexperienced as they were large.

**Caldwell Singles Out Four.** In his pre-season run-down of top sophomore prospects, Charlie Caldwell lists only four, three of whom are linemen. The quartet consists of a tackle, a guard, a center and John Sapoch (pronounced Say-poh), who was captain and quarterback of the 1958 contingent.

The tackle is 20-year old Bob Casciola, who stands six feet and displaces some 210 pounds. He lives in New Hyde Park, N. Y., is a graduate of Manlius High School and should come along to make the Orange and Black particularly strong at the tackle positions, what with such veterans as 212-lb. Mike Bowman, 195-lb. Earle Harder, 207-lb. Fred Meiges and 210-lb. Dick Moore—all lettermen—on hand. Another big boy, 205-lb. Bob Aldrich, likewise figures in the coaches' plans for this vital position.

The guard rated above average among the sophomores is Dave Grubb, a 185-lb. product of Lawrenceville. Grant Patton, last year's freshman center, weighs only 180 but figures to fit into the picture as the season progresses. He comes from Glassboro High in South Jersey.

Sapoch has distinct promise as a blocking back and may come along to provide the scythe-like operations on opposing ends and tackles of the type that George Chandler and George Stevens executed to shake Dick Kazmaier loose. Flippin's speed frequently won't require more than one key block at the line of scrimmage to shake him loose for sizeable gains.

The quarterback situation never was settled last year, although Frank Cosentino started the climactic games against Yale and Dartmouth. John Futhey and John Watson are others from the '54 varsity who will be battling for the job, but Sapoch will be worth watching.

**Few Sophomores Counted On.** Only two other sophomore backs are currently listed on the depth chart, which names the top three men for each of the 11 positions. They are Cliff MacDonald, a 180-lb. fullback who will run behind Dick Martin and Jack Kraus; and Tom Morris, who was the ranking tailback for the freshmen last fall. He weighs 177.

In addition to the three sophos—Continued on Page 15

PEERING INTO THE PAST: Professor Erik Sjöqvist (left) of the University Department of Art and Archaeology, and his colleague on the site of a 2,500-year-old town in Sicily, while Professor Harry H. Hess of the Department of Geology is conducting a study in Puerto Rico designed to trace geological history of the Antillean Islands for the past 100 million years.

### SPORTS IN PRINCETON

—Continued from Page 14

members of six teams, plus two others, are currently ranked third for various spots up front. Art Benis (195) will get a crack at one of the guard spots, while Tom Nichols (180) is a candidate for center.

There are 30 members of the sophomore class who will go to Blairstown, but probably less than half of them will end up on the team. Between 15 and 20 will be groomed for eventual varsity berths by playing on the jayvees; a few of these will eventually be dropped into the first team. For example, the group that will go to Blairstown will consist of the 30 sophomores, 21 Juniors and only 14 seniors.

Playing the potential topflight players from a group who have never had varsity experience is difficult, even for the coaches. However, there are various records on record of many who have come along in surprising fashion to make major contributions to Princeton football.

For the reason the group going to Blairstown also includes these sophomores:

Ends: Charlie Diskow, Bill Smith, Jim Valska and Bob Wilson, the latter two each 6-3; tackles: Steve Ball, George Beschouf and Julian McCaul, the first two each 210 pounds, the latter a large 218; guards: Bob Hamer, John McCarthy and John Nowell; Hughes Agnew of the ranking varsity wingback; Bob Brear, Dale Katsman, Ken Lenz, Bob Lundholm, Wayne Wayne and Lee Weber.

Reserves in the Picture. Several relatively little-used reserves of last season are among those who figure to play a considerable more prominent role in the new designs: End Do Macelwane, the 1957 freshman captain, whose sun-fingered grip on the 45-yard pass from Dick Murray in the final seconds of the Yale game set off the winning touchdown on the team.

Guard Charlie Sharp, a 205-lb. dynamo, has been moved from a starting berth as guard, and Don Mayer, a 175-lb. player up from the jayvees who is currently listed as his immediate replacement, is a sophomore, hidden to a good degree last year because he understudied Captain John Henzi at center.

In the backfield, watch for Bill Danforth, solidly-built at 187 and possessed of visible speed. Used sparingly last year, because he had played only one season football before entering college, he saw considerable action at New Haven. His Bill Agnew's replacement at wingback and will do well both as a ball carrier and on defense.

Fulback Jack Kraus again figures to be Dick Martin's understudy, with whom he has considerable regularity. He had a big day in the 49-7 rout of Dartmouth that closed the season.

Next week, a look at the 11 men who have been given assigned starting berths in the coaches' plans. It's not by any means a disheartening picture; the point is that the backfield particularly is bright on at least three other campuses where teams will soon be practicing for games against Princeton this fall.

### TOPICS OF THE TOWN

—Continued from Page 11

Although it is temperate climate, the terrain is frozen hard during the winter, Dr. Sjöqvist reported, and digging will have to be suspended every fall to be resumed in the spring. The project, which is planned to take five years, will be supervised alternately by the two professors.

Dr. Sjöqvist discovered the site along with four students, whom he hopes to exploit at a later date, during a 5,000-mile trip with "compass, camera and drafting board" through Sicily, Malta, Crete, His first stop to exact portion of the town came when he found a Doric column, once part of a Sicilian farmer's barnyard wall and a 2,000-year-old fragment of a sphinx being used as a wash-tub.

The town being excavated is unique, Dr. Sjöqvist said, in that it is located inland, rather than on the sea-shore or near settlements. He pointed out that it would probably prove to be an unusual chance to study the interaction of Grecian and native Sicilian customs of the period.

Seven other expeditions are being planned by the University's Department of Geology, while one professor will conduct a joint with a group making a study of the Canadian Arctic Peninsula by helicopter. Graduate student Jack G. Souther, a resident of Vancouver, B.C., is joining the group being led by Dr. Ernest F. H. Bowring.

Three professors from the department will conduct a summer field camp for 11 undergraduates at the Red Lodge, Montana, The students will receive an orientation in field trip studies, are Professors John C. Maxwell, Heinrich D. Holland and William E. Boning.

Professor Erling Dorf, a specialist in paleontology, is studying fossil plants in the volcanic ash at Yellowstone National Park, with the aid of graduate student William Brown. Bainfield, Professor Benjamin F. Howell, an expert in Paleontology, will collect invertebrates in the Canadian Rockies.

Prof. Paul McClintock, an authority on glacial movements, will study the movement of the ice flow across New York State and New England, with a desire of plotting its extent and strength. In addition, he has a grant from New York to locate gravel deposits for use in the construction of the St. Lawrence Seaway.

Professors Franklin B. Van Houten and William H. Thom, Jr., both have received grants to study the distribution of Tertiary rocks in the Nevada and Wyoming areas. Roy A. Stuart, a departmental instructor, will study the water supply problems north of Vancouver, British Columbia, for the Canadian Geological Survey.

### News of the Churches

"New Hope" for Migrants. Workers in migrant trucks, arriving in the next few weeks at Highwood, Ia., will find their seasonal work, will find something new in the area: a new church eager to welcome them and offer them hope for a better way of life.

The church is the "New Hope Community Church" of Manapapan, founded by the Rev. Benjamin J. Anderson, pastor of the Witherspoon Presbyterian Church as a religious and community center for permanent Negro residents of the area, and for migrants from the South. The Rev. Mr. Anderson has been a leader in migrant work since he started his summer programs in 1949, but this is the first year he has had a permanent center and an established congregation.

The Rev. Mr. Anderson has built a parish around an abandoned church on the highway some five miles beyond the little town, a church under the jurisdiction of the Monmouth Presbytery. When he began his weekly Sunday services, the church was without heat, electricity or toilet facilities. Since last fall, contributors from Princeton and its environs have given enough money to purchase a site, to build a stove and equip it with a new furnace. At present, final plans are being drawn for plumbing and lavatories.

In his plan, Mr. Anderson's plan to make of the church a magnet which will draw migrant families to the church itself, rather than to provide an agency that would have to go to the migrant camp. He estimates that the church will serve some 1500 migrants over a five-mile-square area. The nucleus of permanent residents already makes use of the church for children's summer Bible school classes, year-round Sunday services and evening meetings.

This summer, between 35-40 children have been attending daily sessions at the church, listening to Bible stories, finger-painting, drawing and watching movies. These children have no playgrounds but they will soon have a church playground equipped with the unique pieces developed by Joseph Brown of the Princeton faculty.

Migrant children who come in the next few weeks will be shown, as the Rev. Mr. Anderson phrases it, "the world of wonder, so different from their daily lives"; a world that opens a child through drawing, coloring, painting, singing and listening to stories. These children will also be taught elementary hygiene.

Their parents will share in the program through evening movies, social gatherings and the weekly church services. When planning has been completed, a clinic in the area will start a well-baby clinic to care for permanent and migrant families in seven townships.

This "New Hope Community Church" is surrounded by 13 acres of land and the major long-range plan of the Rev. Mr. Anderson and his backers is to construct on this land a town of low-cost houses (\$2,000-\$5,000). These will be sold to permanent residents of the parish who at present live in dangerous rural slum areas. Because housing is the most pressing problem in the area, the church also plans for larger housing units on some 45 acres near the church.

The year-round program at Manapapan is guided by James Mitchum, second year student at

Princeton Seminary. He lives at the church and acts as permanent contact with parishioners between the frequent visits made by the Rev. Mr. Anderson.

Residents of the Princeton area have been interested in the summer migrant program, and have given clothing, soap and other basic needs. A 16mm movie by a Princeton man, who voted from camp to migrant camp in previous years, will be used again this year—in the church.

"Healing" Lecture to be Given. The healing of sickness and other disorders will be the topic of a lecture to be given this Sunday evening at the Christian Science Church. The speaker will be Jules Cern, of New York City, practitioner and member of the Christian Science Board of Lectureship. Mr. Cern's topic is "Christian Science: Its Fundamental Teachings and Practical Use."

Formerly an advertising executive in New York, Mr. Cern has been a practitioner since 1933, and is at present on an extended lecture tour for the church. He will be introduced by Mrs. William S. Staats, second reader for the Princeton Church.

**Breaking of Ground.** In a short ceremony following the 11 a.m. service last Sunday morning at the Kingston Presbyterian Church, the church broke ground for their new religious education building. Beginning June 6 of this year, contributions to the building-fund drive of \$25,000 from George A. Hough, members of the congregation have raised in less than two months a total of \$38,000, plus pledges for construction of the new building.

William Flemer, president of the Board of Trustees of the church, presented the shovel to Mr. Hough, who struck the first earth, and spoke the lines from Psalm 127: "Except the Lord build the house, they labor in vain that build it."

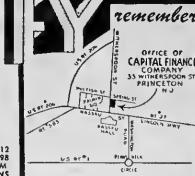

The architect for the new building is Rolf Bauhan. Louis C.

### TOPICS OF THE TOWN

—Continued from Page 15

**Einstein Portrait Presented.** Alan W. Richards, ubiquitous Princeton photographer, has presented an autographed portrait of Dr. Albert Einstein and the pen noted physicist used to sign it to the Albert Einstein College of Medicine of Yeshiva University, New York. The signature is possibly the last he penned before he died on April 18.

The photograph was accepted by Dr. Marcus D. Kogel, Dean of the College. Both mementos will be placed in a special section of the college, which will admit its first class in September, reserved for relics of Dr. Einstein.

"I feel that this is what Dr. Einstein would have wanted," the photographer, who has snapped a decade of pictures of the scientist, said. "He was good to me over the years that I knew him, and perhaps in a very small way this may repay his kindness to me."

Dr. Kogel replied with warmest thanks on behalf of the school, America's first medical school operated under Jewish auspices. "We are extremely pleased that Mr. Richards has chosen to make this gift to us, and we shall cherish them."

After making the presentation, Mr. Richards left for Europe, where he will travel in Switzerland, France and Italy. He will meet Mrs. Richards, who is abroad under a Fulbright grant, in Rome in August and they will return to this country by air.

**China to Pass Russia?** While delegates are meeting at the summit in Geneva, Walter W. Rostow, Professor of Economic History at M.I.T., has expressed the theory that China will surpass Russia in the Communist hierarchy within two generations.

Writing in the July issue of "World Politics," sponsored by Princeton University's Center of International Studies, Professor Rostow said that China, with its chances for expansion, will subordinate Russia as soon as it achieves economic maturity. The free world blocks Russia, "but the societies within Free Asia are highly vulnerable from a number of directions and lack even the limited degree of unity of purpose created over the past decade in Western Europe," Prof. Rostow said.

However, he pointed out that other forces operating in the countries may sway them from aggressive tendencies to a nationalistic spirit. "By and large, authentic Russian and Chinese nationalism would be easier to live with on this planet than communism (although not necessarily easy)," the historian writes.

"There is no case here for cheap optimism or American passivity," Professor Rostow concludes. He states that America must have an informed, powerful policy which will offer only "accommodation on terms compatible with the free world's interests."

John H. Pflieger, Jr., accounting manager at RCA Laboratories, is aiding in plans for the sixth annual accounting conference of the School of Business Administration of Rutgers University, to be held in the fall. Mr. Pflieger is president of the Trenton Chapter of the National Association of Cost Accountants.

## News Of The Churches

—Continued from Page 16

Bowers has been awarded the contract and will begin construction immediately.

**Bulletin Notes.** Ninety boys and girls have enrolled in the Vacation Bible School sponsored by the Lutheran Church of the Messiah. The school will run through July 29. Young Fellowship members from the Methodist church and the First and Second Presbyterian churches will meet this Sunday at 3 p.m. at the Methodist church before going to the home of Jim Cortelyou for a picnic. There will be a dinner-leaf this Sunday at 3:30 p.m. at the First Baptist church. Those who wish a dinner to take out, should call 1-5262 or 1780 before Sunday morning.

### REGULAR SERVICES

**Lutheran of the Messiah.** At the 8:30 and 11 a.m. services this Sunday the preacher will be the Rev. Raymond Martin. Sunday School and Bible classes will meet at 9:45 a.m.

**Trinity at Rocky Hill.** The service of Morning Prayer will be led this Sunday at 11 a.m. by Robert Hylbel.

**Trinity Episcopal.** St. James Day will be observed this Monday with Holy Communion at 7:30 and 9:30 a.m. On Sunday, there will be Holy Communion at 8 a.m. and Family Eucharist at 9:30. The Rev. H. Martin P. Davidson will preach the sermon at the 11 a.m. service of Morning Prayer.

**Princeton Methodist.** "Martha—A Woman Who Forgot to Put First Things First" is the sermon topic chosen by the Rev. Charles W. Marker for this Sunday at 10 a.m. Sunday School will meet at 9 a.m.

**Kingston Presbyterian.** The Sunday Sermon, to be given at 11 a.m. by the Rev. Henry W. Heaps, will be on "Positive Security".

**Lawrenceville Presbyterian.** "Some Clues on Christian Living" is the sermon topic for this Sunday at 11 a.m. The Rev. M. Allen Kimble will preach. Sunday School will meet at 9:30 a.m. and the Westminster Fellowship at 7 p.m.

**Christian Science.** "Truth" is the subject of the Lesson-Sermon for this Sunday at 11 a.m. and 8:15 p.m. Sunday School will meet at 11 a.m. and the Wednesday evening testimonial meeting at 8:15 p.m.

**Society of Friends.** The meeting for worship will be held at 11 a.m. this Sunday at the Meeting House on Quaker Road.

**Rocky Hill Reformed.** Harvey Noordsy, seminary student from New Brunswick, will preach at the 11 a.m. service this Sunday.

**St. Paul's Roman Catholic.** Masses will be offered hourly on Sunday from 6 a.m. to 11 a.m. in the school auditorium. Novena Devotions will begin at 8 p.m. on Monday, in the auditorium.

**First Baptist.** The Rev. William T. Parker will preach at 11 a.m. this Sunday and at the evening service to be held at 8 p.m. There will be a mid-week service next Wednesday at 8:30 p.m. at which Dr. Parker will speak briefly.

**Calvary Baptist.** "The Power of

## Lawrenceville Topics

**New Music Building.** A new music building, containing a rehearsal room, classrooms, office space and piano rooms, is being constructed at the Lawrenceville School.

Located in front of the Infirmary, behind Upper House, the new building will be ready for use by the second semester of the school year. Its construction is being supervised by Livingston Smith Architects, of Philadelphia, the same firm which carried out the work on Lavino Fieldhouse.

Ninety-nine-and-one-half feet by 34 feet, the building will be constructed of wood with a brick veneer front. Sound-proofing will be used throughout the construction and there will be a large bay window. Contained in the building will be a rehearsal room seating 100, a director's office, two classrooms, two piano rooms, four music appreciation rooms and a storage loft for band instruments.

A sizable portion of the funds which are being used in the construction of the building have come from the late Arthur Bradley Campbell, of the Lawrenceville Class of 1907. He made the donations through the Alumni Fund, which is paying for the new construction work.

**Dr. Wicks to Retire.** Dr. Robert Wicks, who served for many years as the Dean of the Princeton University Chapel, has retired after five years service as Chaplain of Lawrenceville School.

Prior to coming to Princeton, Dr. Wicks served as a parish minister. He will move with his wife to Exeter, N. H., where he is expected to continue his long interest in religious guidance of young men.

**Football Schedule Set.** Lawrenceville School's football team will meet seven opponents during the course of the 1955 season, playing four home and three away games.

The Red and Black eleven opens the season with Hamilton High School at home on Saturday, October 1. The following week, they meet Princeton Freshmen "B", and on Saturday, October 15, travel to Blairstown to meet Blair Academy. On the 22nd, the school plays Peddie at home, and then on October 29 meets Admiral Farragut Academy, at Pine Beach, N. J.

On November 5, the team goes to Wallingford, Conn., to meet the Choate School. On Friday, November 11, the school will meet its traditional rival, the Hill School of Pottstown, Pa., on the Lawrenceville gridiron.

**Verbeyst**

Finest Dry Cleaner  
Tulane St. — Tel. 1-0899

**Negative Thinking** is this Sunday's sermon topic. The Rev. James H. Middleton, pastor, will preach at the 11 a.m. service. Church school will meet at 9:45.

**Mt. Pisgah A.M.E.** At the 11 a.m. service this Sunday the Rev. Yancey Lee Sims will preach on "Satanic Forces." In the evening at 8:30, there will be an evening meditation with music by the gospel chorus. Next Wednesday at 8:30, the Missionary Society will lead the weekly hour of prayer.

**Union Presbyterian.** Dr. John R. Bodo will preach at the 9:30 and 11 a.m. Union services this Sunday at the First Presbyterian Church. Mrs. Mary Krimmel, First Church organist, will lead the combined choirs of the First, Second and Witherspoon churches.

**Witherspoon Presbyterian.** A midweek service will be held on Wednesday, 8:15 p.m., at the home of Howard Waxwood, 303 Witherspoon.

MAKE YOUR HOME MORE LIVABLE WITH

**BURNHAM Cast-Iron  
BASERAY!**

**BASE-RAY\***  
floors FLOORS AND  
WALLS WITH CLEAN  
EVEN Radiant HEAT

The cozy, clean, draft-free warmth from BASE-RAY Radiant Baseboards is the evenest floor-to-ceiling heat known. And solid, dent-proof coil-iron construction gives true radiant heat plus lifetime service. \*Reg. U. S. Pat. Off.

\* EASY TO INSTALL \*

**ADVANTAGES OVER STEEL OR  
COPPER BASEBOARD:**

- With BURNHAM Baseray's Cast Iron you get radiant heat—with copper or steel units you get warm air.
- Cast-Iron BURNHAM Baseray's Radiant Heat means warm floors and walls—only 2" to 3" temperature difference between floor and ceiling. Because warm air rises, units primarily heating the air cannot provide such even temperatures.
- BURNHAM Baseray is only 7" high, looks natural in your living room. Most copper and steel baseboard is 10" high and looks more artificial.
- Cast-Iron BURNHAM Baseray is sturdy, no fear to break off in later years.
- Cost of BURNHAM Baseray is a bit more expensive than competitive steel or copper baseboards. But on the overall cost of your whole heating job this difference will be perhaps 2 to 3%.
- Cast-Iron BURNHAM Baseray will give you steady heat. Because copper heats and cools rapidly, copper baseboard will give you cycles of "Too Hot" and "Too Cool".

**ONE GUARANTEE**

We sell through your plumbing or heating contractor for one guarantee on reputable brand merchandise and professional workmanlike installation.

**WHAT IS RADIANT HEAT?**

Ever been out on a warm spring day? The radiant warmth the sun's rays gives your body that comfortable feeling. The sun goes down and you feel suddenly chilly. The temperature of the air hasn't changed, but you've lost the radiant heat of the sun. That's what you give up when you install a warm air system instead of a radiant hot water heating system. And east iron Baseray provides a maximum of radiant heat. The warm surfaces of the room give off rays which warm your body like the sun.

**TO KEEP YOUR FUEL BILL DOWN**

Scientific sizing of your boiler radiators and piping is available to you through the engineering service we furnish to your dealer!

**VISIT OUR SHOWROOM**

If you come Thursday night between 7-9 you will get maximum information on heating and cooling equipment, because our best inside office men are available then full time from daytime duties with the trade. More limited showroom service 9 A.M. - 5 P.M. Monday - Friday.

*Let's Take It Easy  
Mom — Listen To  
Me A Minute !*

I don't bother you when nothing bothers me, right? .... Well, you can make things mighty pleasant for me this hot summer by getting the various things I need to keep me comfortable at Thorne's.

You'll find everything we both want there in the way of lotions, powders, baby cream, baby oil and, of course, drug supplies.

If you have any questions, just ask their fine sales staff. They'll be glad to help!
